

# Talking Books Program

The George Holmes Bixby Memorial Library participates in the Talking Books Program.

The Library has all the equipment and accessories on site for a full demonstration and hands on trial so you can see how this may work for you and your family.

Please call for an appointment (547-2730) if you require extended time or stop by the library for a quick look.

Below is information given from the NH State Library if you wish to investigate this program at home.

## NH State Library Information

The Talking Books Program exists to meet the reading needs and interests of New Hampshire residents who are physically unable to see, handle or process printed material comfortably.

Talking Book Services provides library materials to over 2,000 New Hampshire residents and lends over 70,000 audio and braille books each year.

[The Talking Books Blog](#) is the way to keep up with the latest information from the Talking Book Library.

### Who's Eligible?

Anyone with a vision problem, a grasping problem, or an information-processing problem that does not affect intelligence. [Examples of physical problems that may be eligible.](#)
