Draft Minutes

July 16, 2017

A special work meeting of the Conservation Commission convened at the Farrington Road Trail head parking lot at 1:00 pm on Sunday, 7/16 /17. Members/alternates present included Kelly Marshall, George Sanderson, Robin Haubrich and Betsy Hardwick. Later joined by Ben H aubrich with chainsaw. Meeting came to order at 1:05.

Members present discussed the kiosk situation and agreed to talk to someone about fixing the 'door' and seeing if we could maybe change it to double 'doors' hinging from sides. Hardwick will contact Paul St. Cyr to see if he might be interested and if not will try to find someone else who might be.

Proceeded to work on Blueberry Loop trail, then went out to the interior kiosks and cleaned up those areas and trimmed back parts of Scot's trail and Summit trail near wetland/field area. Noted that field needs to be mowed this year, Kelly will check with her husband to see if he is interested in doing it. We need to flag certain trees to leave before it is mowed. Ben Haubrich cut tree up blocking the trail and moved it out of the way.

Adjourned at 4:00.
